

PARENT RECOVERY ACCESS PASS (9:25am – 10:30am SATURDAY 4 July ONLY)

A WRISTBAND is to be used to access the Junior Recovery Area **only** when collecting your child immediately after crossing the finish line. Parent/Guardian will need to enter via the Parent Entry gate located at the South Western corner of the Recovery Area (next to Marathon HQ) *please refer to map below*

This WRISTBAND must be shown to gain entry into the Junior Recovery Area as this point will be controlled by security. ALL those that enter will be directed by security and event volunteers to the **'PARENT/GUARDIAN WAITING AREA'**

Within the Junior Recovery Area there will be **THREE** meeting points positioned along the PARENT/GUARDIAN WAITING AREA. We encourage each parent/guardian to let your child know which colour you will be standing near as a **'MEETING POINT'**. The following colours will be used – blue, orange and green. *Please refer to map below*

Event volunteers, security and police will be present within the Recovery Area at all times and will assist with reuniting you with your child. Please ensure you have completed your child's **'Emergency race day contact'** located on the back of the bib.

To ensure you are at the finish to collect your child, please note the time taken to travel between the finish line and Junior Recovery Area could take up to 15 minutes dependent on precinct congestion. We recommend that you let your child know that you may be a bit late and to remain at the coloured meeting point until you arrive.

The parent/guardian pass does NOT enable you to accompany your child in the Junior Dash. To run with your child, you must complete the accompanying person entry form, available from the registration centre. Parents/guardians can only accompany children in the 2km Junior Dash with relevant accreditation.

It is not compulsory to collect your children from the Junior Recovery Area, only recommended.
