TESTIMONIES

“ GCM is very well organized. It boasts a flat and fast course, consistent cool weather, enthusiastic crowd support and the race attracts good competition in the region. Moreover, the Gold Coast is much nearer than traveling to other marathons, which makes it a top marathon destination for Singaporeans. In 2017, my father ran his first marathon in Gold Coast and it was great for some fun father-son bonding while doing what we both love: running. I was confident that GCM would be an eye-opening enjoyable experience for his maiden overseas race. It certainly did not disappoint! ”

Dr. Ashley Liew, 4th time GCM runner

Distance: 42.195km, Achieved season best of 2h 37m 34s

“ My first international run can be summed up in just one word: SUPERLATIVE! With temperatures hovering between 10 to 21 degrees C and light humidity, the weather was a significant improvement over our own muggy high humidity conditions. But the “wow” factor must surely be the legendary crowd support which at times felt that the entire Gold Coast was cheering me on. GCM had free tram and bus rides for all race participants and it was encouraging to see the large number of senior runners and performing well across all race categories. Will I run GCM again? You can bet your PB on it! ”

Andrew Liew, 1st time GCM runner Distance: 21km

“ The crowd support from the local is awesome! They called out the name on my bib and cheered me on. Personally, I find this very encouraging and motivating and it helped made the race experience a special one. To top it off, I went skydiving the next day and visited the koalas at Lone Pine Sanctuary in Brisbane. GCM is a race that I will recommend for anyone to run. ”

- Alice Ong, 1st time GCM runner
Distance: 42.195km

“ This is a fast course with very minimal slopes and what I really like is that there are hardly any turns on this route. It's basically a straight route all the way with one turn at 16km and another turn at 37km mark. Hydration were plentiful along the route and at some stations, gels and bananas were provided. I really enjoyed the kiwis, oranges and bananas at the end

of the race. After the race, I extended my stay for 2 days to do Hot Air Ballooning and Whale Watching, parasailing and Jetski! Lastly the highlight of the trip is that I qualified for Boston marathon with my PB of 3hr 33min 31sec at GCM 2017! ”

Yvonne Germaine Lim, 1st time GCM runner

Distance: 42.195km
