TESTIMONIALS

K. Prabudass

Broke Malaysia's Half Marathon record at GCM 2019

"I decided to run Gold Coast Marathon after hearing so much about how it is a flat and fast course in the running community. This race turned out to be a milestone in my running portfolio as I broke the 15-year-old national record by 30 seconds and improved my personal best by five minutes. The good air-con weather, flat course and crowd support definitely helped in my performance.

Favourite part of GCM?

Hanging out with fellow Malaysian runners like Muhaizar and Chooi Fern after the race! It is not common after a race that runners get a chance to hang out as friends and visit theme parks or go whale watching. I will be back again Gold Coast Marathon!

Melissa Lim

Ran GCM for first time in 2019

"Gold Coast Marathon is a wonderful race and nothing short of stunning. From its scenic and flat course to the electrifying crowd of spectators who kept cheering us to go on! Because of these favourable conditions and crowd support, I got my personal best! I am glad that I decided to book my first GCM with Holiday Tours & Travel as they were helpful in helping my preparation for my first GCM. I will highly recommend that all runners book with Holiday Tours & Travel so we can just go there and run our hearts out without a worry! "

Mohd Rahim Rahimi bin Ibrahim

Ran GCM for fourth time in 2019

"This is my fourth time running GCM and the race never fail to deliver from its famous flat, fast and scenic course down to how the entire IAAF Gold Label event is being run. An outstanding experience!

What's special this year is that I travelled with my team mates from Smart Athletics Club (SAC), and for convenience we signed up with Holiday Tours & Travel #GCM19 Tour Package. This was a good decision as they organised everything and I can focus on running my PB (yes, I got a sub-three PB this year!).

Thanks to Coach Edan, Jolene and Holiday Tours & Travel arrangement, the SAC team visited Warner Bros Movie World to celebrate our race and holiday. We will be back!
