SUPPLIER INDUCTION BRIEF

Events Management Queensland

INTRODUCTION

Events Management Queensland has a legal responsibility to protect the health, safety and welfare at work of employees and others

And to maintain a safe place to work with the right systems in place.

These practices are in-line with the WHS policy of the Gold Coast Marathon.

INTRODUCTION

This includes, but is not limited to:

- Ensuring the event runs smoothly and all WHS measures are in place during both the build and over the race weekend
- Addressing all safety issues
- Liaising with local authorities
- Monitoring and enforcing safe work practices
- Enforcing site rules – Including issuing non-compliance notices where applicable

Safety Officers will be monitoring during the build phase to ensure safety is maintained at the highest level. Any contractor or personnel caught putting themselves/others in danger or not adhering to our site rules will be notified in writing with a non-compliance notice.

SUPPLIER INDUCTION

ARRIVAL ON SITE

- Visit Marathon HQ and check in with the EventCo team. They will advise you of the schedule for the day. Two-way radios are available to support communication throughout the event.

ACCIDENTS OR INCIDENTS

- Report any accidents, incidents, or near misses involving a person, venue, or property to your supervisor, and ensure all such events are also reported to the Safety Officers at Marathon HQ

SUPPLIER INDUCTION

First Aid

A First Aid Kit is available at Marathon HQ. Both EMQ and EventCo have First Aid Officers available.

EMQ Nominated First Aid Officer:

- Michelle Wamelink
- Lachlan Axisa

EventCo Nominated First Aid Officer:

- Steve Bell

SUPPLIER INDUCTION

Site Safety

- Ensure Safety Barriers are in place around your worksite
- Any Pallets left in public areas overnight require the area to be safety taped around
- Always use Safety Signage
- Any moving plant/equipment requires a spotter
- You must always adhere to the 10km/h speed limit

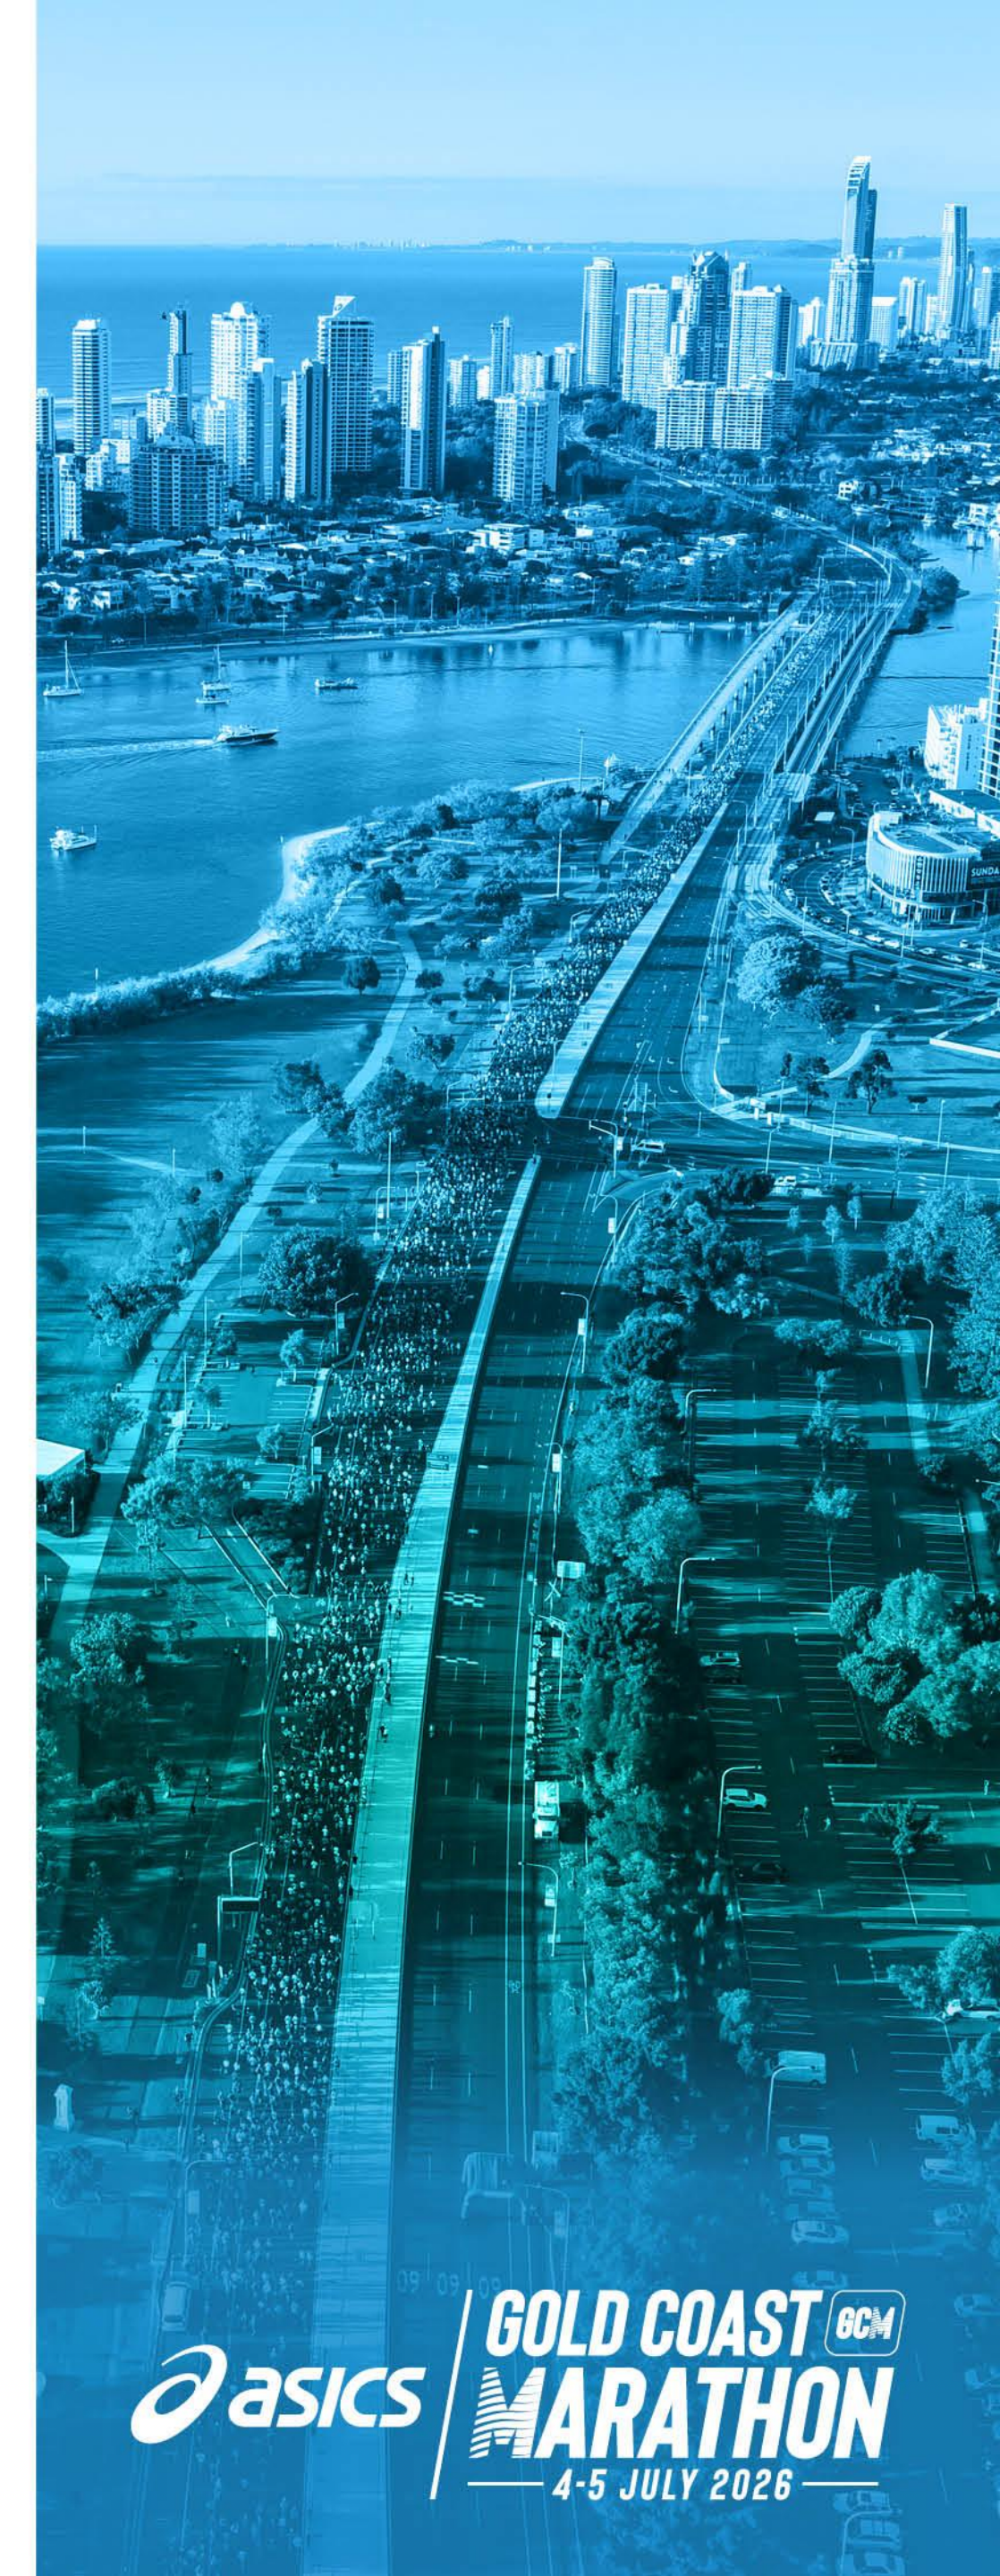

SUPPLIER INDUCTION

PPE – Personal Protective Equipment

- Steel Toe Boots – Mandatory
- Hi Vis Vest – Mandatory

Due to the outside nature of the event build:

- A Hat and Sunscreen are also advised.

SUPPLIER INDUCTION

WASTE

- Please use the bins provided
- Ensure to sort waste into the correct bin
- Co-mingle bulk bins, recycling, general waste and cardboard cages will be provided during bump-in.

SUPPLIER INDUCTION

Evacuation

- In the case of an evacuation during bump-in, a megaphone siren will be used. Please ensure to follow the directions of the Site Manager.

General

- Do **NOT** park or drive any vehicles/plant on the lawns. If this is required, you must seek approval
- Ground protection may be instigated if the lawn is deemed too soft
- Mark out of the site will be actioned in stages as the build progresses
- NU-PURE have provided water for all crew, and is available at Marathon HQ

SUPPLIER INDUCTION

Parking

- Vehicle Parking Permits are to be used by all EMQ staff, Parklands staff, Suppliers & Contractors during bump-in and bump-out
- All vehicle passes are to have a name and contact number written and placed on dashboard
- No Parking on site race weekend. For staff working race weekend, parking is available at Mitchell Park. *Inform Marathon HQ if you need to park here pre-race weekend*
